Off The Press are an emerging team of artistic creatives who are establishing their print studio in the historic market town of Bury St Edmunds. They specialise in the production of high quality screen prints and are passionate about print and keeping traditional processes alive.

With a rich mix of experience between them, they offer exhibitions, workshops and live printing within the local area. They work collaboratively with established artists, designers, graduates and students to showcase some of the UK's finest talent by creating a platform for the Eastern region.

This course will be an experimental screen printing workshop focusing on form & colour using paper stencils combined with photo stencils. The emphasis will be on fun!

The first part of the course will be spent learning the basics and getting hands on experience in screenprinting. Later you will learn about stencil cutting for screenprinting and finish by creating a considered 2 colour edition using the skills learnt.

All Materials needed for the course will be provided.

**15% discount available on art products for anyone booked on to the course.  
Two uses permitted which expire at the end of the course.**
